## The mobile solution for professionals

Unbelievably stable, phenomenally flexible and highly mobile.

ORSY BULL, the new mobile system box with everything. Always and everywhere:

- when used in a fixed location in a workshop, storage or a workplace
- as a system set-up in service and delivery vehicles
- as a mobile workshop or work-bench at construction sites.

Thanks to its simple and easy expendability/modularity and extensive accessories, the ORSY BULL offers phenomenal flexibility and extreme mobility. ORSY BULL comes in four versions, depending on the intended use: a top-loader, a front-loader, a drawer box or a combination box.
